PROFESSIONAL SUMMARY

Computer Science student and U.S. Navy veteran targeting software engineering roles in government and defense environments. Brings hands-on experience with networked systems, encrypted data relay, cybersecurity best practices, and technical troubleshooting. Proven ability to perform with precision in high-stakes, mission-critical settings.

EDUCATION

San Diego State University

Bachelor of Science in Computer Science.

2027

Grossmont-Cuyamaca College

Associate of Science in Computer Science. GPA: 3.5.

2025

Grossmont-Cuyamaca College

Associate of Science in Science and Mathematics. GPA: 3.5.

2025

EXPERIENCE

Field Service Technician

January 2024 – Present

Strike Group LLC

San Diego, CA

- Resolved hardware and software failures on 75+ networked printers, reducing downtime for government clients.
- Configured secured network features including scan to email, cloud connectivity, and user authentication.
- Applied cybersecurity best practices during configurations and updates to ensure secure access and data protection.

Operation Specialist

October 2020 – September 2023

United States Navy

San Diego, CA

- Operated SPY radar and surveillance systems to track 50+ air and surface contacts in real time, supporting mission navigation, threat detection, and situational awareness.
- Produced and relayed encrypted mission data across multiple warfare centers, enabling informed decision making for command leadership.
- Trained 10+ junior watch standers in radar operation, data entry systems, reporting procedures, and communication circuits.

Hazmat Technician

September 2018 – October 2020

United States Navy

San Diego, CA

- Managed full hazardous material inventory, ensuring 100% compliance with federal labeling, storage, and disposal regulations.
- Performed mechanical, electrical, and electronic preventive and corrective maintenance to sustain equipment reliability.

Airline Customer Service Agent

March 2014 – September 2018

Aviation Port Service / Swissport / Total Airport Services

Chicago, IL

- Supported 250-320+ travelers per shift by issuing documentation, validating security requirements, and resolving travel issues.
- Trained new staff on policies, system navigation, and customer service standards.

CERTIFICATIONS

- Certified Security Reaction Force Team Member Advance, United States Navy, May 2019
- Certified Navy Security Force Sentry, United States Navy, May 2019

AWARDS & HONORS

- Navy and Marine Corps Achievement Medal, United States Navy, Aug 2023
- Navy E Ribbon, United States Navy, Aug 2022
- National Defense Service Medal, United States Navy, Sep 2018
- Sea Service Deployment Ribbon, United States Navy, Aug 2022
- Global War on Terrorism Service Medal, United States Navy, Aug 2022
- Good Conduct Medal, United States Navy, Aug 2021
- Rifle Marksmanship Ribbon (S), United States Navy
- Pistol Marksmanship Ribbon (S), United States Navy

SKILLS

Programming and Technical: Java, C++, Networking, System Administration, Encryption, Cybersecurity, Cloud Computing, Debugging, Troubleshooting

Domain Knowledge: Information Systems, Machine Learning, Data Science
